OPPORTUNITY TO COMMENT
Palomar Community Defense Zone and Fuelbreak Project Draft SEA

The Cleveland National Forest, Palomar Ranger District, is initiating a 30-day opportunity for public comment on the Draft Supplemental Environmental Assessment (SEA) that analyzes proposed modifications to the ongoing Palomar Community Defense Zone and Fuelbreak Project (2010) pursuant to the National Environmental Policy Act. The Forest Service proposes a minor increase in treatment at Pismo Valley; to simplify project design and treatment methods for hazardous fuel reduction; to disclose and correct errors that occurred during initial project planning and implementation; and allow for herbicide use to prolong vegetation reduction. These modifications would ensure that hazardous fuel reduction efforts are effective in protecting local communities, improving firefighter safety and response capability, and protecting resources against loss during wildfire. The Draft SEA analyzes the potential effects of the proposed modifications, with a focus on human health, cultural resources, and natural resources.

All project documents are posted on the project webpage, located at: <https://www.fs.usda.gov/projects/cleveland/landmanagement/projects>

The Forest Service would like to receive any information and comments related to this project. All interested persons, state and local governments, and tribal governments or individuals are encouraged to participate during the comment period, which is anticipated to close on Tuesday, July 24, 2019. Notice: The day after legal notice publication in the San Diego Union-Tribune is the official start date of the 30-day comment period (calendar days). The commenter must ensure timely submission of comments (36 CFR 218.25).

Comments may be submitted by the following methods:

- Email: comments-cleveland@fs.fed.us (indicate project title in the subject line)
- Mail/Hand-Delivery: Cleveland National Forest, Palomar Ranger District, Attn: Chris Brenzel, 1634 Black Canyon Road, Ramona, CA 92065. Business hours for hand-delivered comments are Monday to Friday from 8:30 am to 4:30 pm.

Comments should be submitted by close of business July 24, 2019 to be considered. Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action and may be subject to disclosure under the Freedom of Information Act. Anonymous comments will be accepted and considered. Notice: This project is subject to the Forest Service's pre-decisional administrative review (objection) process (see 36 CFR 218, Subparts A and B). Only those who submit timely and specific comments on the Draft SEA public comments period are eligible to file an objection (see 36 CFR 218.5).

For additional information, contact Chris Brenzel, Acting District Fuels Battalion, at (760) 822-2257.
